**The Spartan Spirit of the Class of 64**

---

Dear Spartan Classmates,

Our last reunion was perhaps the best reunion ever with 150 classmates and teachers attending various functions!! What an incredible four days in May ....Thursday's mixer at Houston's, the beautiful Friday afternoon and evening at Vickie Stephens for cocktails and dinner, Saturday lunch at the Fox and Hound and an evening of dancing to Solid Gold with special guest Elvis, and finally the 'until next time brunch at Brennan's'!! The class of '64 has that innate 'magic' - something truly special - that makes our class like no other

The committee is already looking toward the very special milestone of the 50<sup>th</sup> in 2014. In order to plan for this highlight, we want to take into consideration all of the special events we might wish to do, assist classmates in budgeting for the reunion, allow current and potential donor/sponsors the opportunity to give (making events like this year's Friday night possible), to build a reserve for advance planning, and to account for any unexpected outcomes.

With the goal of raising funds in advance and hopefully minimizing the registration fee for the 50<sup>th</sup> reunion, we would like to offer a pledge, donation or giving option over five years to classmates of '64'.\* One could:

- Decline the pledge options at this time,
- Make an annual pledge toward the next reunion and attach your first check,
- Make a one time contribution for the next reunion,
- Register in the fifth year for the reunion, or
- Utilize a combination of options best suited for you.

*\*Should other classes be invited, their individual attendance will be paid by the registration fee to be decided at the time of the 50<sup>th</sup> reunion.*

Each year an email or snail mail reminder will come to you with a teaser about the reunion. An attachment/invoice will allow you to update your current information and exercise your preferred option or not. All receipts would be accounted for, credited to you by our treasurer, and placed in a money market account. The result will be to provide funds in reserve for advanced and enhanced planning for the grand 50<sup>th</sup>. The actual 50<sup>th</sup> reunion costs would be determined by the planning committee four years from now based on the information before them at the time, as they have for previous reunions.

Pledge returns are cordially requested by September 30, 2009 with reminders early each summer and pledges due by late summer each year. We hope that whichever option you choose, each of you will make plans now to attend the 50<sup>th</sup> in Spring of 2014 and dance the week away!

Sincerely,

*Carey Dowdle & Charles Lynch*
